2025-2028 External assessment panel - expression of interest

* indicates a required field

Introduction

External assessment panel members review, assess and provide objective, independent recommendations to Council in relation to funding for grants and sponsorship programs. Panel members ensure that guidelines and assessment criteria endorsed by Council have been applied consistently and equitably for all applications.

External panel members are appointed for a four year term from **1 January 2025 to 31 December 2028**.

Each grants and sponsorship program has a separate assessment panel. Please read the details of the different grants and sponsorship programs to ascertain which program you would like to participate in. Refer to the [Grants and Sponsorship Assessment Panel - Terms of Reference 2025 to 2028](#)

Council will advise of the outcome of your application in **December 2024** subject to Council approval.

Privacy statement

The City of Melbourne is committed to protecting your privacy. The information requested in this form is being collected by City of Melbourne for the purpose of considering your Expression of Interest (EOI) to the grants and sponsorship external assessment panel. All information submitted in/with your application is securely stored in SmartyGrants and on the City of Melbourne's computer systems. The information will be disclosed to Council staff and/or Councillors for the purpose of assessing your application. If your EOI is successful your full name will be published on the City of Melbourne website. It may also be used for promoting the City of Melbourne's grant program more generally. Your personal information will not be disclosed to any other party without your consent, unless required or authorised by law. If your personal information is not collected we will be unable to fully consider your EOI.

If you wish to alter any of the personal information you have supplied to City of Melbourne, please contact City of Melbourne on 9658 9658.

Declaration

I confirm that the information contained in this application is true and accurate.
